# 01 IVAR LOS PARK

A slightly hidden park near the famous Fjällgatan. Get take-away from A Bowl around the corner and enjoy the stunning views.

**Address:** Bastugatan 26

If there is one museum you should visit, it's Nationalmuseum. Download the audio guide app and explore at your own pace. Don't miss the gift shop and the sculpture garden!

**Address:** Södra Blasieholmshamnen 2

# 03 NATIONALMUSEUM

## ABOUT THE CITY

Stockholm is a city you fall in love with at first sight. There is something for everyone - architecture, history, delicious coffee, arts, fashion.. you name it! My top tip is to come here in June when the sun almost never sets. Chances are you'll decide to move to Stockholm there and then.

## urbanista STOCKHOLM PLUS

Stockholm Plus are the second-generation Stockholm true wireless earphones. The intuitive touch controls allow you to manage incoming calls and music with just a tap of your finger. IPX4 water resistance protects the headphones so you can wear them on the go, wherever you go.

# 02 CAFÉ PASCAL

Sweden is famous for "fika" so you have to see what the fuss is about. Check out my favourite cafe, Pascal, which has locations in Odenplan or Södermalm and enjoy other local favourites: Café À la Lo, Kaffeverket, and Johan & Nyström.

**Address:** Norrtullsgatan 4/Skånegatan 76

It's an outdoor space under a bridge with the best vibe. You don't have to like techno to come here (I don't) because there's everything: food, drinks, day-time parties, ping pong, etc. Club Under Bron is located there too and is open all year round.

**Address:** Hammarby Slussväg 2

# 04 TRÄDGÅRDEN

# 05 AMBAR VINBAR

The natural wine trend is here to stay, so check out some of the best wine bars in town. Ambar Vinbar specializes in orange wines but if you're more into funky red wines check out Savant or Tyge & Sessil.

**Address:** Tomtebogatan 22
